MEMORANDUM FOR DISTRIBUTION

Subj: GREEN PROCUREMENT ONLINE COURSE

Encl: (1) DPAPSS memorandum of August 4, 2008

The Department of Defense's Green Procurement Program assigns green procurement responsibilities to every person involved in the procurement process. From requirements planners to contracting officers and Government Purchase Card holders, each person has an important role to play in ensuring that DoD complies with Federal procurement preference requirements.

As discussed in enclosure (1), the Defense Acquisition University has developed an online course, CLC 046: Green Procurement, to identify the background for and objectives of the DoD Green Procurement Program. All personnel involved in the Department's procurement process are encouraged to take CLC 046, which can be accessed at <http://www.dau.mil/basedocs/continuouslearning.asp>. Upon completion, students will receive two Continuous Learning Points toward training requirements, an electronic certificate of completion and a record of completion into their DAU transcript.
